

### Welcome to The Movie Expo 2021 Virtual Edition

This is the annual event that bridges the gaps between talent, crew and filmmakers.

We create opportunities for the talent to be seen and be heard.

Regardless of if you are a film enthusiast, a new grad,
or a seasoned filmmaker; we want to hear from you.

We strive to shine a light on all the stars behind the scenes.

From writing, casting, composing, editing, stunts and management we showcase the importance of each department and their integral role in creating a motion picture.

This weekend we have an incredible line up of inspirational & talented experts that will be available for you to ask questions live.

Coming to us from the big & small screens, the expert speakers are here to share insight on industry tips and secrets.

We have over 20 panels for you to enjoy, 30 speakers, e-swag bag, virtual exhibitors and a networking chat room to connect with others from the comfort of your own home.

So sit back, relax and enjoy the expo. See you online!
